

Baggage Packing Assistant

Welcome to "Baggage Packing Assistant" Application

This application provides travelers a delightful baggage packing experience that assist and aid them in packing and arranging their baggage as per the airlines policies and the destination country customs rules and regulations.

Following assistance is provided by this application:

- 1 Size measurments of the baggage and check as per the airlines policies
- 2 Weight measurements of the baggage and check as per the airlines policies
- 3 Identifying the (prohibited) items in hand and checked baggage as per the regulations

To get started, please select the "Airlines" and the "Destination Country" on the right-side...
